What's Going On In Our Schools?

CPC Representatives, PTO and Parent/School related group representatives are invited to join us for a conversation on what is happening in our schools.

This meeting will not be televised. It is a chance for us to have some good conversation on how we can all work together to make our school system even better than it is. We'd like to know what is working in your school, what you would like to change, and how Citywide Parent Council can help.

Check our website (lowellcpc.org) for more information or call /email Anita Downs, CPC Chair at 978-454-3590 or agdowns@verizon.net.
